Providing Peace of Mind

1st Jan 2010

About US

Grosvenor Security Services operates mainly in London and the South East. Grosvenor Security Services (GSS) provides a wide range of services, which include:

- * Site Security/ Static Guard
- * Mobile Patrol Service
- * Locking/ Unlocking Business Premises
- * Key holding
- * Installing CCTV & High Tech Devices
- * Executive & VIP protection
- * Risk Assessment Surveys

Mission Statement

We aim to provide 1st class service, tailored to suit our client's needs. Our mission is to be a market leader, to define parameters and to shape the future of security, inline with our vision. To retain and advance our competitive edge in order to protect and enhance our client's experience.

Site Security and Static Guarding

We offer a Static Guarding service as one of our core services. Our staff are trained to at least BS7499 standards, and are vetted to BS7858 standard or above. Our staff follow comprehensive assignment instructions, drafted by experienced security professionals and approved by the clients.

Mobile Patrol Service

Our mobile patrol service is ideal for clients with unoccupied premises, including holiday homes and businesses requiring evening or weekend programmed patrols. Such patrols may be either scheduled or random.

Locking and Unlocking Business Premises

We have trained team of officers that will lock and unlock client's premises, thus minimizing the risk to the client's staff and transferring the responsibility of these key functions to security professionals.

Key Holding

Grosvenor Security Services offer clients with unoccupied premises, or with buildings that may be protected by CCTV and/or alarms, a well-organized and efficient Key Holding service, giving you peace of mind and added security.

Installing CCTV & High Tech Devices

It is now widely accepted that CCTV is an integral tool in combating crime and in the protection of property. CCTV is a very cost-effective security solution, particularly when integrated into a well thought out security strategy.

VIP Protection

We provide a complete VIP protection services for clients and their foreign visitors and families, including chauffeur-driven travel, 'meet-and-greet', and personal bodyguards during and after office hours. Our staff are conversant in several foreign languages and are well trained.

we are an SIA Approved Contractor which indicates that GSS is a company that delivers services above average standards. Please Visit www.the-sia.org.uk for more information.
